

## ADJOURN SINE DIE AT NOON TODAY

Close of Longest Legislative Session in the History of Wisconsin.

LASTED JUST 26 DAYS

Ice Tax Bill and Bill Creating Gates County, Are Still with the Governor.

FOUR VETOES SENT IN TODAY

Madison, Wis., May 15.—The longest session of the legislature in Wisconsin history, 126 days, counting Sundays, closed at noon today according to the clerks of the houses, but at 12:28 by actual time, the clocks being turned back to report on bills.

A number of bills are still left in the governor's hands, among them being the ice tax bill and the bill creating the county of Gates out of the northern part of Chippewa county, on both of which several of the members anticipated vetoes. The governor has until tomorrow to act on them, as they did not reach him until Monday evening and he is given three days in which to consider them. About one hundred and fifty bills might have been delayed in this way, but the governor worked up to the last minute in order to dispose of as many of them as possible.

Four vetoes marked the last day of the session, the governor returning without approval the bill requiring compulsory vaccination; that exempting beet sugar factories from taxation; the bill providing for additional employees for the railroad commissioner and the one extending the time for payment of taxes in Milwaukee.

### MAY VETO THE ICE BILL

Serious Question About the Constitutionality of That Measure.

Madison, Wis., May 15.—It is reported that the Overbeck ice bill, and the Gates county bill are both marked for the governor's disapproval, both on the ground of unconstitutionality. So far as the ice bill is concerned its constitutionality has been questioned from the start.

The Gates county bill is to be vetoed, it is said, because of a conflict with the apportionment bill. It is understood that a brief has been filed with the governor attacking the validity of the law upon that ground. Another objection to the bill is that it designates Ladysmith as the county seat, which, it is claimed the legislature had no right to do.

Governor Signs Eighty-Nine Bills  
The two houses of the legislature met at ten o'clock yesterday morning but did no business except to receive a message from the governor announcing the number of bills which he had signed. In the assembly the veto of the Frost bill was again laid over.

No action can be taken upon it until the legislature is ready to adjourn, because the roll call will disclose the lack of a quorum and the fiction must be maintained to the last that the legislature is prepared to do business. The governor reported to the assembly that he had signed fifty-six assembly bills and to the senate that he had signed thirty-three senate bills.

### Last Session Today.

The last session of the legislature was held this morning and there was a very slim attendance in the assembly. In the senate there was a better showing, as quite a number of the senators are still here and there was nearly a quorum. A number of the assemblymen who were here last night and this morning left after the day's session. There was also a general exodus of legislative employees. The work of enrolling bills ended last night and there was little or nothing to keep the desk force here.

Petherick to Assist State Board.  
E. R. Petherick of Milwaukee, who was yesterday superceded on the State Board of Control by Herman Grotphost of Baraboo, was today appointed by Governor La Follette as an auxiliary member of the board. The board is going to be very busy the next few months with new buildings, and it was desired to have somebody of experience to relieve it of the work of examining county institutions. Mr. Petherick was thoroughly conversant with the work and the governor appointed him so that the board might be relieved.  
May Not Call Extra Session.  
The governor continues to be more or less doubtful about an extra session, but nothing definite can be learned upon the subject. Some of the governor's friends say that there may be an extra session while others declare that there is no likelihood of it.

### JANESVILLE COTTON MILLS

Closed Down Because It Does Not Pay to Run Them.

The Janesville cotton mills will soon close down. The plant is being gradually closed on account of the low price of cotton cloth. The prices are such that the mill can only be operated at a loss and it was thought best to shut down temporarily. The overstock of cotton cloth is affecting the eastern mills as well as the western and some of the best equipped mills in the East have shut down.

### Fisher Noble Wedding

David Fisher, formerly pitcher for the Y. M. C. A. base ball team and now employed as a fireman on the Chicago & Northwestern railroad and Miss Minnie Noble of this city left this morning for Chicago where they will be married. They will then take a wedding trip to Nebraska and visit Mr. Fisher's parents. The young couple were very anxious to keep the news from their friends but it leaked out. Both young people are well known in this city where they have a host of friends who will wish them much joy.

## AREA AFFECTED BY DROUGHT INCREASES

TERRITORY IN WHICH CROPS NEED RAIN GROWS GREATER

Considerable Damage by Frost—Temperature Conditions, on the Whole, Are Regarded as Favorable in Most Sections—Weekly Crop Report for Wisconsin is Encouraging.

Washington, D. C., May 15.—While the week has been abnormally cool in the upper Mississippi valleys, with frost more or less damaging in the Missouri valley, the temperature conditions as a whole have been favorable, but the real need of a rain is much greater than in the previous week, and the effects of drought more serious, especially in the Gulf states. The generally abundant rains of the previous week over the Western plateau and Pacific coast districts, followed by much warmer weather, have given highly favorable conditions in that region.

Corn planting in the central Missouri and Central Mississippi valleys has been somewhat delayed on account of low temperature, but fair progress has been made, this work being nearly finished in Missouri and Kansas.

Spring wheat seeding is practically completed, and the early sown is rooting satisfactorily. High winds have caused some damage to spring wheat in South Dakota.

Seeding of oats continues in the extreme northern districts, and harvesting has begun in Texas and Florida. Over the greater part of the southern states the crop has suffered much from drought and is now needing rain.

Frosts caused some injury to fruits in the Missouri valley, but the general outlook for fruit continues encouraging, although the reports from New York, Ohio, Wisconsin respecting apples are not favorable.

Wisconsin—Very beneficial rains in all portions of the state, except northeastern counties and along eastern border; pasturage and meadows much improved; early sown grain coming up nicely; ground generally prepared for corn and potatoes, and some planting done in southern section; fruit trees in full bloom; prospects for cherries and plums excellent, apples fair, berries poor.

## WOMAN HAS NO RIGHT TO DRINK AT BAR

Chicago, Ill., May 15.—"Has a woman the same right as a man to stand at a bar and drink?" Chief O'Neill says, "No." Saloonkeepers out of whose resorts twenty women were taken last night and locked up at the Harrison street station aver that a woman enjoys the same drinking privileges as a man.

Loud protestations that the matter would be taken to the circuit court to test the constitutionality of the law on which the women were arrested were held at the stationhouse. Several angry saloonkeepers followed the women to the station to secure bondsmen. One of them declared that if women were barred from the so-called questionable saloons along State street, seven out of ten would be compelled to close their doors.

The contention is made that so long as a woman conducts herself in a semi-respectable manner, she is entitled to the same privileges as a man.

Morgan Resumes His Trip.  
London, May 15.—Pierpont Morgan started for Aix-les-Bains this morning. Apparently the financial situation is cleared enough to permit him to resume his vacation.

## PRESIDENT ABANDONS HIS TRIP; MRS. M'KINLEY IS GETTING WORSE

Just as Soon as She Can Be Moved She Will Be Taken Home to Canton, Ohio, by the Most Direct Route Possible.

San Francisco, May 15.—President McKinley's secretary announced this morning that the president's visit to other states would be abandoned so she can be moved she will be taken to Washington by the most direct route.

President McKinley this morning attended the unveiling of Donahue Fountain. He is still undecided as to his future plans. All depends upon Mrs. McKinley's condition. Her physician has ordered that she be not disturbed until she has fully recovered and the president may have to stay here for several weeks.

Washington, May 15.—Word was received from San Francisco to the effect if Mrs. McKinley does not show speedy improvement the president contemplates taking her direct to Canton after the festivities at San Francisco.

## RAGTIME MUSIC IS STYLED "ROT"

Frowned Upon by Musicians—Modern Melodies Subjected to Harsh Treatment by Federation.

Denver, May 15.—"Ragtime" is officially declared by the Federation of Musicians to be "unmusical rot" and the members of that organization in convention here have adopted resolutions pledging themselves to "make every effort to suppress and discourage the playing and publishing of such trash."

"Goo Goo Eyes" and "Coon, Coon, Coon" are declared to be evidences of a vitiated public taste, and the members of the federation consider their popularity as a reflection upon their profession as musical educators.

H. O. Wheeler of Kansas City fathered the movement to check the craze for negro tunes, and when his resolution was offered found many willing supporters among his fellows. President Miller however fears that he musicians will have a hard time in scratching the popular melodies from their programs. They are not, it is true, the highest class of music, he says, but they appeal to a large number of persons who have neither the time nor the inclination to study Beethoven and Wagner.

## VILLAGE DESTROYED BY FALL OF ROCK

Accident in an Italian Town—Thus Far Fifteen Bodies Have Been Recovered.

Rome, May 15.—Almost the entire village of Acerenza was destroyed by the fall of an immense rock. Troops have been dispatched to the scene of the disaster. Thus far fifteen bodies have been recovered.

## SPEND EIGHT DAYS AT CAMP DOUGLAS

Adj. Gen. Boardman Sends Out Copies of the New Law Relating to Wisconsin National Guard.

Madison, Wis., May 15.—Adjutant General C. R. Boardman today sent all the officers of the Wisconsin National guard copies of the new law providing for the organization and discipline of the guard. It is probable that the different divisions of the guard will this summer spend eight instead of seven days at Camp Douglas.

The adjutant general had planned for a ten-day encampment and had asked for an appropriation of \$132,000 annually therefor. The legislature, however, cut the appropriation to \$125,000, and this, it is estimated, will cover the expenses of an eight day's encampment. The law advances the regimental commissary from the rank of first lieutenant to captain, and allows each of the battalions a quartermaster and a commissary with rank of second lieutenant, mounted.

These appointments have not yet been made, but the adjutant general expects they soon will be. The one important feature of the new bill is that in any case of any great emergency the militia may be called into active service with the approval of the adjutant general when the governor cannot immediately be communicated with.

### Stone the Turkish Embassy.

Constantinople, May 15.—Advices from Sofia say that during a riot there the Turkish embassy was stoned. The Ottoman flag was hauled down and dragged in the mud and several persons reported killed. The sultan is indignant and blames the Macedonian revolutionists.

### NO MORE FARO IN MONTANA

Gambling Houses All over the State Are Closed by Law.

Helena, Mont., May 15.—Every gambling house in Montana is closed today. Attorney General Donovan instructed every county attorney to see that they were closed or else he would proceed against them for neglect of duty. This is the most radical effort at reformation ever made in Montana, and for the first time since the discovery of gold faro has been dealt in the state.

### Fear Billy Rice Is Dying.

Chicago, May 15.—Billy Rice, the old-time minstrel whose comedy and satire have for more than a quarter of a century amused the theatre-going public both in the United States and Europe and have made millions laugh, has probably made his last appearance before an audience. Delirious from the ravages of erysipelas and practically blind, he was taken from the National hotel, Van Buren street and Wabash avenue to the county asylum last night by friends who say that his condition is such that they fear for his recovery.

## BIG STRIKE BEGINS ON MONDAY NEXT

MACHINISTS AND METAL WORKERS ISSUE AN ULTIMATUM.

They Demand a Nine-Hour Day Without Reduction of Pay—Allied Union Will Assist in Forcing the Mills to Terms—Labor Leaders Agree on the Plans.

Washington, D. C., May 15.—The representatives of the Machinery and Allied Metal Trades' National and International unions who have been in session here for two days considering the enforcement of a demand that union machinists hereafter shall be required to work only nine hours a day, with an increase in wages that would make the daily scale the same under the present ten hour scale, late this afternoon decided that there should be a strike on May 20 in shops refusing to grant the desired concessions.

Those participating in the conference were: James O'Connell, president of the international association of machinists; John Mulholland, president of the international association of allied metal workers; L. R. Thomas, president of the pattern makers' league of North America; E. J. Lynch, metal polishers, buffers, platers and brass workers' union of North America; and Samuel Gompers, president of the American Federation of Labor.

Ask Less Hours at Same Pay.  
The following statement concerning the conference was authorized: "It was decided that all workers in the machinery and allied metal trades should demand the nine-hour day, without reduction in pay, before May 20, the same to go into effect on that date."

"The officers of the organizations decided that the men in their respective trades would stand by each other in the enforcement of the demand, should it be necessary to cease work. "In view of the encouraging reports received from a large number of employers in trades having already notified their employees of the concession to the above demand, no serious opposition to the movement is anticipated."

Will Stand Together.  
A significant decision of the several officers was to the effect that each organization would stand by the other should it be necessary to cease work. In other words a strike that will extend throughout all branches of the several trades is promised should not the demands of the mechanics be complied with.

It was felt that sympathy and harmony of action among the several trades at this critical juncture would increase the chance that the employing firms might yield to the demands of the unions.

## PHILLIPS SENDS CORN UP TO 60

At This Figure Many "Short" Elevator Interests Were Compelled to Settle Today.

Chicago, May 15.—Corn King Phillips forced corn up two cents this morning, May selling as high as 56. Although the market was not heavy the market was unusually strong. Phillips continued to force the price up and soon had it up to sixty at which figure many "short" elevator interests were compelled to settle.

### Only Five Lives Lost.

St. Louis, May 15.—It is now definitely known that not more than five lives were lost in the wreck of the steamer City of Paducah. The seven reported missing yesterday escaped.

## STATE MILITIA IN CHARGE AT ALBANY

Troops Fill the Capital of New York State to Prevent Riots.

IT HAS AN UGLY LOOK

An Attempt to Run Cars This Afternoon Will Likely Bring Bloodshed.

NO COMPROMISE IS POSSIBLE

Albany, May 15.—When the striking employees of the Union Traction company awoke this morning they were forcibly reminded of the recent statement made by the company's manager, that it would run its cars if it took the entire state militia. The soldiers are here, and more are coming. There was little trouble during the night. It is believed the company has many men at its command in and near the city and attempts will be made to operate the cars this afternoon, when serious trouble is anticipated.

Another fruitless attempt to bring about a compromise was attempted early this morning. As one company of soldiers were marching to the street car barn at midnight they were jeered and stoned by a mob of strikers and sympathizers.

At ten o'clock thousands of people gathered around the Quail street barns, where trouble was expected. The mounted signal corps was called to the place and forced the people back from the buildings. The soldiers were jeered.

All Quiet at Troy.  
Troy, New York, May 15.—No attempt was made to run cars here. Everything is quiet this morning. The tracks were torn up for quite a distance last night.

## THE PRESBYTERIAN GENERAL ASSEMBLY

Arrangements Complete for the Meeting of the 117th Assembly at Philadelphia Tomorrow.

Philadelphia, May 15.—Arrangements have been completed for the meeting of the one hundred and thirteenth Presbyterian General assembly, which begins here tomorrow morning. The 500 commissioners represent 224 presbyteries and twenty-one synods, in all parts of the world and have already arrived from China, India, Japan, Africa, Siam, Korea, Mexico and South America, and well as from some of the more remote parts of the country.

Among the important matters to come before the assembly is the report of the special committee appointed a year ago to consider a revision of the confession of faith. A majority of the presbyteries favored some change and the committee's report is expected to cause some live moment which will receive careful consideration. Another subject of moment which will receive careful consideration is the proposition to establish a supreme court whose decisions shall be independent of the assembly and which shall be final.

The assembly will be opened with a sermon by the Rev. Dr. Charles A. Dickey, the retiring moderator. The two candidates for moderator now in the lead are Rev. Dr. Henry Collin Minton of California and the Rev. Dr. George T. Purves of New York.

## EUROPE IN FEAR OF AMERICAN GOODS

Steps to Summon a Congress of All European Chambers of Commerce To Take Steps for Defense.

Prague, Bohemia, May 15.—A meeting of Bohemian manufacturers here today resolved to initiate a movement for the summoning of a congress of all European chambers of commerce to consider measures of defense against American competition.

### Urns for the High School.

In the interior improvements which are being made at the High school building, the exterior has not been forgotten. Two large and beautiful urns have been purchased and on their arrival they will be filled with flowering plants and placed on either side of the walk leading to the main entrance. They will add very much to the appearance of the entrance which is exceptionally attractive even now.

Workmen began tearing down All Sou's church this morning preparatory to changing it into a residence

MRS. AUGUSTA E. STRONG,  
Recording Secretary, Wisconsin W. C. T. U.

## THIRTY MINERS KILLED IN A DREADFUL COAL GAS EXPLOSION

Fatal Accident in the Shaft of the George's Creek Company at Fairmont, West Virginia, at Nine O'clock This Morning.

Fairmont, W. Va., May 15.—A dreadful coal gas explosion which wrought death and havoc took place at the George's Creek Coal Company's shaft at nine o'clock this morning. Thirty were instantly killed and many more injured. The greatest excitement prevails in all that region and the scene of the accident is surrounded by vast crowds of interested people. Doctors have been summoned from all directions and the injured are being taken care of. The dead are being taken from the shaft as fast as possible. Those killed are mostly Huns and Italians.

# IT WAS HIS WIFE WHO DID IT; STORY OF LUCAS OIL GUSHER

Discovery of the Great Beaumont, Texas, Oil Fields  
Due to a Woman's Grit and Pluck—Capt.  
Lucas Tells Story of the Find.

Beaumont, Tex., May 14—The sanest man in this town, where nearly everybody seems to be ready for a padded cell, is the man who has the most license to have lost his head. He is Capt. A. F. Lucas, who, in the face of discouragements which would have broken the spirit of a weaker man, brought in the first gusher, and is now a part owner in the Lucas well, the largest, oil well in the world.

Capt. Lucas is an Austrian by birth, having come to this country about twenty-three years ago. He was educated at one of the Austrian polytechnic schools and is by profession a mining engineer and geologist.

"Then I began sinking another well. 'I tried to get some of the rich men in Beaumont to invest money in the enterprise. I could not get a dollar. I wrote to some of my moneyed friends, elsewhere, with the same result. I had just about reached the end of my string. Then I wrote to Guffy and Galey, of Pittsburgh, oil men whom I knew. After considerable correspondence I succeeded in interesting them and the drill kept on going deeper and deeper into the earth."

"Three hundred feet, four hundred feet, five hundred feet, and still no oil! Six, seven, eight, nine hundred feet; there was no sleep for me those nights. A thousand feet—there was a rumble and a roar and a six-inch stream of oil shot into the air a hundred feet above the derrick."

"I don't remember what I did then. The men say that I burst into tears. I know that an hour later I was at home with my wife and boy in my arms, and we were all crying for sheer joy."

That is the story of the Lucas gusher, the biggest oil well in the world. E. N. RICKEY.

## ANNIVERSARY OF GOLDEN WEDDING

Some days ago brief mention was made of the fact that Sunday, May 5th, was the golden wedding anniversary of Mr. and Mrs. L. G. Calkins, of Berwyn, Ill., former well known residents of this city. Their many friends will be interested in the following account of the happy celebration of the event which appeared in the Berwyn Current of May 5th:

"On the 5th day of May, 1851, Mr. Isaac G. Calkins and Miss Anna Briggs were united in marriage by Rev. J. W. Denison at Rock Island, between forty and fifty of their friends visited them at their home on Maple avenue, to help them celebrate the golden anniversary of their wedding. While the visit itself was not a surprise, there were several surprises in store for the couple during the evening. Perhaps the chief of these was the presentation of a purse of \$50 in gold. Miss Maude Robertson sang during the evening. Ethel Anderson presented Mr. and Mrs. Calkins with a huge bunch of roses and Mrs. C. B. Dorr read a poem of her own composition, written in honor of the occasion. Mr. and Mrs. Calkins have spent most of the half century of their married life in Illinois and Wisconsin, having lived in Moline, Geneseo, Janesville, and at two different times having made Chicago their home. Six years ago they came to Berwyn, where they have since resided. They have been almost life long members of the Baptist church, Mr. Calkins having united in the year 1840 and Mrs. Calkins two years later. Their friends everywhere unite in offering heartiest congratulations on their anniversary, and wish them many years of peace and plenty."

A copy of the original poem, entitled "Wedding Chimes," which was read by Mrs. Dorr, is appended to the account of the celebration. It is quite lengthy, is meritorious in its composition and is a very pretty tribute to Mr. and Mrs. Calkins.

### An Excellent Show.

Pawnee Bill's Wild West Show pitched its tents on the east side Thursday and all day the grounds were swarmed with eager spectators. Both afternoon and evening performances were largely attended, and all were thoroughly pleased with the exhibition. All of the different phases of frontier life were portrayed in a realistic and thrilling manner, and for an exhibition of its kind is the best that ever visited here. The daring riding and feats of horsemanship exhibited by bands of Indians, cowboys and Mexicans was of a high order, and filled the hearts of all with admiration. The boomerang throwing by the Australian bushmen was a novel feature and one worthy of especial commendation. In short the entire performance from start to finish was excellent, and held the closest attention of the large audiences—Pittsburg, Dispatch.

### Wisconsin Municipal League

The Municipality, a newspaper devoted to the interests of local city government, published in Milwaukee, prints a handsome cut of Mayor Victor P. Richardson, with a brief biographical write up.

The coming annual conference of the Wisconsin municipal league will be held in the city of Viroqua on June 26 and 27. The city of Viroqua occupies a conspicuous place in the political annals of the state by reason of the prominent men who have been and are counted among its residents. The name and reputation of Hon. Jerre Rusk has made the city familiar to the people of the state. In its quiet and pastoral surroundings we have the environment which will produce a sturdy and thrifty race of men. Here is an opportunity for our city officers to visit Viroqua at the most enjoyable season of the year. Mayor Boyle extends to all the freedom of the city.

See our rug window. Smyrna rugs \$1 each. Bort, Bailey & Co.

## SUNDAY SCHOOL WORK

Rock County Association Will Meet at Evansville Next Friday and Saturday—A Fine Program

Delegations from the local Sunday schools are planning to attend the thirtieth annual convention of the Rock County Sunday School Association, which will be held at Evansville next Friday and Saturday. The Congregational Sunday school has chosen Misses Maude Nicholson, Laura Dudley, Maude Murdoch and Josephine Fenton as its delegates. Misses Louise Hanson and Louise Crosby will represent the Presbyterian school and at the Baptist school it was voted that any persons who could attend the convention should be considered delegates.

Probably a large number of people outside of the appointed delegates will attend the convention which promises to be one of great value to those who are interested in Sunday school work. The Evansville people have provided entertainment for all delegates and the following interesting program has been arranged:

**Friday Afternoon.**  
**BAPTIST CHURCH.**  
2:00. Song and Praise Service.  
2:30. Welcome. Rev. H. Sewell.  
2:45. Response. By the President.  
3:00. Two-minute talk by delegates.  
3:15. "What Am I Here For?"  
3:30. "What Are the Teachers' Weekday Duties to the Class?"  
3:45. Rev. W. W. Woodside. Discussion.  
4:00. "Which is the Better? Asking Questions or Learning to the Class?"  
Rev. L. A. Platts. Discussion. Announcements.  
**Friday Evening.**  
**M. E. CHURCH.**  
7:30. Song Service.  
7:45. Scripture Reading and Prayer.  
8:00. "What is the Value of Class Organization?"  
8:15. W. J. Knight.  
8:30. "Useful Means in Making Our Teaching More Effective?"  
8:45. S. E. Hill.  
8:50. "Hustle!"  
H. H. Nicholson.  
**Saturday Morning.**  
**CONGREGATIONAL CHURCH.**  
8:30. Devotional.  
9:00. Workers' Conference.  
9:15. Teachers' Meetings. Miss J. E. Gale.  
9:30. Home Department. Kindergarten.  
10:30. Reports from Schools.  
11:00. Lesson for the Following Sabbath.  
"Jesus Ascends into Heaven."  
taught by Prof. E. G. Smith.  
**Saturday Afternoon.**  
**FREE BAPTIST CHURCH.**  
1:30. Praise Service.  
2:00. Business.  
2:30. "Graduation." T. S. Thompson.  
3:00. "The Outlook." J. T. Wright.  
4:00. Children's Meeting. Miss Ethel Frost.

Reported by R. E. McGuire.  
Flour—Retail at 85c & \$1.15 per sack.  
WHEAT—55¢ to 60¢.  
Buckwheat—(Seed) \$1.50 per 100 lbs.  
RYE—32¢ per bu.  
BARLEY—34¢ to 35¢ per bu.  
Corn—30¢ to 32¢ per bu. Shelled, 35¢ bu.  
Oats—Common to best, white, 25¢ to 27¢ bu.  
Clover Seed—\$3.25 to \$3.50 per 100 lbs.  
Timothy Seed—\$3.25 to \$3.50 per 100 lbs.  
FEED—\$16 per ton to \$18 per ton.  
BEAN—\$17.00 per ton, 90c per cwt.  
MIDDINGS—25¢ per 100 lbs, \$17.00 per ton.  
MEAL—80¢ to 100¢; \$16.00 per ton.  
HAY—Timothy a ton, \$12.00 to \$15.00; Clover \$10.00 to \$12.00; Wild \$8.00 to \$10.00.  
STRAW—\$1.00 to \$1.25.  
POTATOES—30¢ to 35¢ per bushel.  
BEANS—15¢ to 20¢ per bushel.  
PEAS—10¢ to 15¢ per bushel.  
EGGS—10¢ to 12¢ per dozen.  
POULTRY—Turkeys, 6¢ to 7¢; chickens, 5¢ to 6¢.  
WOOL—Washed, 15¢ to 20¢; unwashed, 10¢ to 15¢.  
HIDES—2¢ to 5¢.  
FELTS—Quotable at 10¢ to 15¢.  
CATTLE—\$1.50 to \$1.75 per cwt.  
HOGS—\$5.00 to \$5.25 per cwt.  
SHEEP—4¢ to 5¢; lambs, 4¢ to 5¢.

## Half Rates to Lincoln, Neb., via C. M. & St. P. Ry.

May 23rd to 27th, inclusive, good to return until June 4th, with privilege of an extension until June 30th, at one fare for the round trip, account annual meeting German Baptists (Dunkards).

## Beaumont Oil Fields.

Low rates, direct line, excellent train service, via Queen & Crescent route.

W. C. Rinearson, G. P. A., Cincinnati, O.

## Headache

Is often a warning that the liver is torpid or inactive. More serious troubles may follow. For a prompt, efficient cure of Headache and all liver troubles, take

## Hood's Pills

While they cleanse the liver, restore full regular action of the bowels, they do not gripe or pain, do not irritate or inflame the internal organs, but have a positive tonic effect. 25c. at all druggists or by mail of C. I. Hood & Co., Lowell, Mass.

## Don't Forget

that we have two stores, thereby giving us the largest and most complete stock of Drugs, Paints, Oils, Glass, etc., in southern Wisconsin. We can quote you very low prices on goods in quantities and can furnish

## EVERYTHING NEW and FRESH.

PEOPLES DRUG CO.  
Main and Milwaukee Sts.  
KING'S PHARMACY  
Jackson and Milwaukee Sts.  
Geo. E. King & Co., Props.

**J.M. BOSTWICK & SONS.**  
THE BIG STORE  
20, 22, 24, 26, 28, S. MAIN ST., JANESVILLE, WIS.  
WE KEEP THE QUALITY UP

## Ready-To-Wear Skirts

We claim to show the best skirts for prices that are obtainable. Have given separate skirts much attention—rainy day skirts or dress skirts; we have both and plenty of them. Prices, 2, 4, 5, 6, 8, 10 to \$18. Silk Skirts—beauties at \$10 to \$25. Silk Waists—120 to show you—black and colors, original conceits—\$5 to \$10. A few to close out at \$1.98 and \$2.43 that were much higher.

## Wool Waist Materials

We excel in desirable dress goods for waists, house sacques, wrappers. Fully 200 pieces of French flannels, plain and fancies; stripe granite clothes, 30 colorings, 28 inch, 75c; dotted cashmere, 38 inch, 50c; silk dotted albatrose, 40 inch, \$1.25; satin stripe challies, 25c; nuns veiling, 30 inch, 50c; silk dotted, 42 inch, \$1.25; Lansdown, silk warp, in all colors, 40 inch, \$1.25; cream wool stuffs. Large collections many other novelties.

## Taffeta Silks.

Exceptional values in black that competitors cannot match. Our 27 inch at \$1.25, fully warranted, is a rapid seller. Extrafine 27 inch at \$1.00 Oil boiled, 21 inch, \$1.85; 22 inch, \$1.50; 23 inch, \$1.75. Beautiful qualities 18 inch at 50 and 60c; 35 inch at \$1.25 and \$1.50.

## Colored Taffeta.

100 shades; we carry two qualities,—19 inch at 62 and 85c, that are reliable. The 85c grade compares favorably with dollar taffetas elsewhere.

## The Wash Goods Section

Is one of the brightest spots in the store. Hundreds of pretty novelties that are confined to us no trouble to get suited here. In grays and blacks and white effects we show lovely styles.

## Fecille de Soie

The daintiest creation of the dimity family we have seen for many a day. "How perfectly lovely," "They are beautiful," "Did you ever see anything so sweet," are a few of the expressions uttered by the admiring throng. It is impossible to convey by words the rare beauty of these mercerized, lustrous dimities. They are 30 inch and 25c. Just out of the case Wednesday.

**Beans**

The Lucas Gusher, the largest oil Well in the World.

ordinary comprehension, a product that if it could only be reached would solve the important problem of heat and light.

"This belief became my religion. In my waking hours it never left my mind. At night I dreamed of it. Everything else in profession ceased to interest me.

"To unlock this storehouse of nature; to be the instrument through which man should come into possession of this great gift, became my one ambition, my one thought.

The fire of enthusiasm was in the captain's eyes now; his cheeks were flushed; he got up from his chair and walked across the room. He was

of hope and work and at times discouragement, and had sacrificed many things.

"After I had prospected around Beaumont for a while I began to feel that I owed it to her and to our only child, a boy of 12 years, to resume the legitimate profession of my mining engineering. I broached the subject to her; to her that while I still had every confidence in my theory, I had determined to abandon it for a time and engage in something more remunerative.

"She would not listen to me. "She said she was happy and would be unhappy if I gave up.

**PUNY CHILDREN****TOO MANY OF THEM DIE.****Their Little Bodies Unable to Stand the Ordeal of Development.****WE THINK EVERY MOTHER IN THIS TOWN SHOULD KNOW ABOUT VINOL.****It is the Delicious Tonic We Advise for Growing Children.**

Is your boy or girl pale and listless? Do they act differently from other children? Do they sleep poorly and eat poorly? Does your boy avoid the sports and games of other boys? Does your girl complain of headache and find her studies a hardship?

If so, you may make up your mind they are growing too fast. They need something to help nature in her great work of furnishing the necessary elements for creating flesh and muscle tissue, bone structure and rich, pure, red blood.

They need a tonic in the full sense of the word and we can tell you what to get.

It is Vinol Wine of Cod-Liver Oil, the great modern reconstructive. Children like it, it is so delicious to the taste, in spite of the fact that it contains a highly concentrated extract of the medicinal principles that are found in cod-liver oil.

But because the vile-smelling and tasting grease has been discarded and all of the other disagreeable features eliminated, the benefits of Vinol are easily understood.

Vinol acts favorably on the stomach, creates an appetite and enables the food that is eaten to do the greatest possible amount of good.

Following is a letter that bears directly on this subject:

"I was all run down and took Vinol. It did me so much good and it was so pleasant to take that I gave it to my children. They were growing fast and needed something in the way of a tonic and I found it to be just the thing for them."—SARAH PICKERING, 1932 Fall River, Mass.

We cordially invite mothers interested in the welfare of their children, as well as any one else needing a sure, safe and delicious tonic, restorer and rejuvenator, to call on us. We will gladly tell anyone all we know about Vinol and why we so highly endorse it.

Inasmuch as we are always ready and pleased to refund the cost of Vinol to those who don't find it exactly what we claim it to be, it will be seen that we are prepared to substantially endorse our claims for the excellence of this marvelous preparation.

**INDIANS TO DIVIDE THE TRIBAL LANDS**

Reservation in the State of Wisconsin May Be Opened—Senator Quarles Makes a Trip.

There is a possibility that the Wisconsin Indian reservations may be opened, and the land they contain allotted to the Indians who are entitled to a share, and the Indians on the Wisconsin reservations made citizens of the state. The two go together, for whenever the lands of the reservations are allotted in severalty to the Indians they are at the same time made citizens of the state in which the reservation lies. This would mean the carving of about 2,000 farms out of the 393,177 acres contained in the reservations in the state.

**Senator Quarles Returns.**

Senator Quarles returned from a two weeks' visit to the Indian territory yesterday afternoon, says the Sentinel under date of May 14, where he went as a member of the senate committee on Indian Affairs to investigate the conditions there with a view to legislation, looking to the making of the Indians citizens of the United States and the eventual admission of Indian territory into the Union. Senator Quarles said the next move would be to visit the Indian reservations in Wisconsin, with a view to breaking up the tribal relations there, making them citizens, and placing the Indian reservations under the laws of the state of Wisconsin. Senator Quarles said the visit to the Wisconsin reservations would probably be made in August.

Should it be found practicable to make the Wisconsin Indians citizens, and abolish the reservations it would do away with a large portion of the business of the United States District Court, as the Indians would be amenable to the state law, and would be triable in the local courts instead of being brought to Milwaukee and tried before the United States court for every petty offense as is the case at the present time. A very large proportion of the Wisconsin Indians have had their shares of the reservation lands allotted to them, and are living without the tribal relation, and there seems no good reason why they should not be made citizens with all the responsibilities that the term implies.

There are four Indian reservations in Wisconsin, the Oneida, a few miles west of Green Bay, occupying parts of Brown and Outagamie counties; the Menomonee, which extends over parts of Shawano and Oconto counties; Lac du Flambeau, lying between Vilas and Iron counties; Cour Orellles lying entirely in Sawyer county, and La Pointe, in Ashland county.

**Have a Large Area.**

These reservations have an aggregate of 614 square miles, containing 393,177 acres, some of the land being well adapted to farming. The Indians on the reservations in Wisconsin are stated in the government reports to number 10,323. They are divided among several tribes, the largest of which are the Chippewas, Oneidas and La Pointes. The Oneida Indians are the most progressive, and have farms on which they raise corn, small grain, and vegetables. Their reservation is about eleven miles long and seven broad, covering early the same territory as two ordinary townships. The Menomonee reservation is 30x18 miles, roughly estimated, and includes enough territory for fifteen townships. The Lac du Flambeau reservation has an area of four ordinary townships, the La Pointe reservation being about the same size. The Orellles reservation has only land enough for three towns.

If the lands were allotted it is estimated that each Indian family in Wisconsin would get about 200 acres.

**\$100 Reward, \$100.**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

All trains carry thru vestibuled sleeping cars. Individual club meals ranging in price from 35c to \$1.00, and no meal in excess of the latter figure, are served in dining cars.

For sleeping car reservations and all other information, call at Chicago City Ticket office, 111 Adams St., or write John Y. Calahan, General Agent, 111 Adams St., Chicago, phone Central 2057. Chicago depot: Van Buren St. and Pacific Ave., on the Elevated Loop.

**HOW TO GAIN FLESH**

Persons have been known to gain a pound a day by taking an ounce of Scott's emulsion. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food, which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking Scott's Emulsion.

You will find it just as useful in summer as in winter, and if you are thriving upon it don't stop because the weather is warm.

If you have not tried it, send for free sample its agreeable taste will surprise you.

## SIDEWALK INSPECTION.

The council has acted wisely in taking steps looking toward the employment of a sidewalk inspector. One \$5,000 verdict against the city, with its accompanying costs, would be sufficient to pay the salary of this official for a dozen years, as he cannot, of course, work at sidewalk inspection during the winter months. If the work is done well, the city will have, under the new system, an authoritative record of condition of every sidewalk in town. Prompt measures can then be adopted, and in consequence, negligence on the part of the city will be hard to prove. The mere fact that a sidewalk is defective does not entitle the injured party to damages. The plaintiff must show that the city was negligent in not causing the defect to be remedied within a reasonable time.

Under the present system, the street commissioner is required to do the inspecting, but, as everyone knows, he has no time to devote to the work if he pays any attention to his other duties. As a result "inspectors" have been employed for a few days each year to hunt for defects. Some of the inspectors did good work, and others did not. In some cases the aldermen instructed the inspectors not to be too observing for fear that some voter might be offended. The "inspection" under this system was generally a farce, but under the new system things will be different.

In inaugurating the new system the council should take another forward step, and provide that the inspector shall perform his duties to the satisfaction of the city attorney. The city attorney has to bear the brunt of the damage suit fighting, and is more familiar with the necessities of the case than any alderman can hope to be. Therefore, he should have the power to compel a thorough attention to duty, on the part of not only the inspector, but of the city police as well in all work looking toward the preventative of "a cause for action," or the defense of an action already begun. His official recommendation that a negligent inspector or a negligent policeman be removed from office should be sufficient ground for such removal by the proper authorities.

The city is to blame for its defective walks, and the way to prevent suits is to do away with the defects. "Pulis" should not avail in any case.

The rule concerning the duty of the city police in cases of damage suits should be equally clear. The policemen are hired by the city to serve the city. They should be required to work under the direction of the city attorney in securing information concerning all accidents that may involve the city in a damage suit, as well as in collecting evidence to be used in the defense of pending actions. The policemen may claim that they "do not have time" for such work, but that claim can not be held to be valid so long as the principal objection to an enlargement of the force comes from the officers themselves.

With an efficient sidewalk inspector, and active and energetic action on the part of the police, the city attorney will be able to meet the damage suits on somewhere near equal ground. Up to this time the defense has been totally hopeless from the start, and in every case a verdict for the plaintiff was a foregone conclusion simply because the city attorney was handicapped by a lack of system—a state of affairs over which he had no control.

Any lawyer who has served either as city attorney, or as the attorney for the plaintiff in a damage suit, will, we think, bear out this statement of the case so far as the trial actions or the prevention of their causes are concerned.

The aldermen are on the right track now, and they should do the work thoroughly while they are at it.

## THE MAYOR'S VETO.

Mayor Richardson's veto of the new electric franchise met with the fate that he no doubt anticipated. The members of the council had not changed their opinion since the last meeting, and it is safe to say that their action on Monday night will be generally endorsed.

If public sentiment, in any large degree, had been opposed to the franchise, there would have been protests from every quarter, and the council would have been in duty bound to recognize complaints; but a large majority of the people appear to be satisfied, and in spite of the mayor's disapproval the council felt warranted in maintaining their position.

The arguments used by the mayor are conservative, but the spirit of progress is in the air, and popular

sentiment is behind it. The council may have been a little hasty in action, but if it made a mistake, it is less serious than the dilatory tactics pursued by Beloit.

Every dollar of outside money that can be induced to invest in Janesville is a good thing for the city, and contributes to permanent prosperity. The new electric road will add to railway facilities, and make the place more desirable. The Spring Brook flats will in time be covered with factory buildings, and homes for workmen. The new road puts the city in close touch with this manufacturing district, and will add to the value of residence property in all parts of the city. Rents are already advancing, and there is a healthy demand for houses.

The growth of the city has already commenced, and the progress of development depends very largely upon the amount of public spirit exhibited by the citizens. It is a good time for everybody to put a shoulder to the wheel and help. If mistakes are made now and then, they will soon be forgotten or corrected. Better to make a mistake in an effort to do something, than to continue in a state of sleepy contentment for another decade.

## THE BICYCLE FAD.

The bicycle craze, that was so pronounced a few years ago, has expired, and with it many of the factories that were kept busy supplying the demand. But this craze is succeeded by a class of riders that use the wheel for business as well as pleasure, and prices are so greatly reduced, that the bicycle is no longer a luxury, but is regarded by many as an every day necessity.

Every work shop in the country, and many of the offices, turn out riders that have no ambition for century runs, or scorching exploits.

Many people have discovered that the wheel is a promoter of health, and manufacturers claim that the present season is the most satisfactory of any they have experienced. If you want to get the cobwebs out of your brain, and the kinks out of your back, ride a wheel an hour or two a day, and you will cheat the doctor out of enough to pay for the machine in a couple of years, and add to your stock of good nature to such an extent that your wife will fall in love with you.

The report of the Nicaragua Canal commission, now on file, and to be presented to the cabinet, on the return of the president, is said to be very encouraging, and if the recommendations of the committee are observed, the next congress will take favorable action.

This enterprise, that will cost \$200,000,000 or more, is worthy of American energy, and the waterway, when secured, will contribute much to national prosperity.

Dr. Gilbert, though accused of heresy, shows commendable good sense in retiring quietly so as not to make any controversy or trial necessary. Dr. Herron can take many lessons from Dr. Gilbert in the art of courageous and manly independence of thought.

The New York man who paid \$70,000 for a seat on the stock exchange started life as an office boy at \$2.50 per week. And so we'll list the Carnegie, Schwabs et al who are alert enough to see the chance when it comes.

Although J. P. Morgan is breaking down in health, Andrew Carnegie is in the best of spirits. Naturally enough, as the former is trying to add to his wealth while the latter is trying to get rid of his.

The practical joke at Davenport which resulted in the death of the jokers, tends to make people look with more favor on the practical joke.

John Bull must be hard hit in competing with American manufacturers when a London boot and shoe firm gives away a share of railroad stock as a premium on large sales.

The nomination of Conger for Governor of Iowa would seem to be the solution of the contest to restore the party to its wonted harmony.

## Institute Conductors.

The appointment by the state of the institute conductors for the summer, have been made and announced. An institute will be held at the High school in this city for three weeks, commencing July 8. H. C. Buell of Whitewater, and F. E. Cleveland of Clinton, are the conductors appointed by the state for the Janesville institute. Miss Gertrude L. Zeisinger of this city, has been appointed as one of the conductors of the two weeks' institute to be held at Virgo, commencing August 5.

## FIRST RURAL ROUTE FROM JANESVILLE

Known as the Center Delivery, and Will Be Started in July—Course of the Mail Route.

The first rural mail route out of Janesville will be started on July 1st. It is known as the Center route and extends from this city to Fisher's corners, beyond the town. From there it extends directly north to the Evansville road, thence east to the Rock River house corners, thence down the west side of the river to the city. H. S. Ames has the contract for carrying the mail on this route and will receive \$500 per year from the government for his services. He will travel about twenty four miles in making his rounds and will make the trip every day in the year except Sundays.

In the neighborhood of one hundred families will receive the benefits of this route. It is a great convenience to the farmer to have a route of this kind in his neighborhood as he will not only get his mail delivered at his door every day but can send to town by the carrier for any small article that may be needed about the house.

A number of other routes will be started in the near future but this is the most important one of the lot.

## PRESBYTERIAN C. E. ELECT OFFICERS

Pleasant Business Meeting and Social at the Home of the Misses Hanson Last Evening.

A pleasant business meeting and social was held by the Presbyterian Christian Endeavor society at the home of the Misses Hanson, 113 Terrace street, last evening. The various reports presented for the past month show the society to be in a prosperous condition with its different departments of work well cared for. The following officers were elected:

President—Miss Mabel Best.  
Vice President—Arthur Eddington  
Secretary—Miss Grace Kirk.  
Treasurer—Miss Alice Davidson.

The society voted to send Miss Mabel Best as its delegate to the international Christian Endeavor convention to be held in Cincinnati, O., next July.

There was a large attendance of young people at the meeting and the transaction of business was followed by an enjoyable social. Chocolate and wafers were served and the occasion was heartily enjoyed by all present.

## A Week of Suit Selling

Special prices on tailor-made garments—an opportunity.

We show today about three hundred tailor-made suits, and the really remarkable business we have done all this season prompts us to keep the ball rolling by making some special prices for this week. We have a splendid showing of suits in the black, castor brown and grey colors in sizes 32 to 44. If you want a nobby suit at a reasonable price, come in the next time you are down town and see what good outfits you can buy at \$10, \$12, \$13.50, \$15 and \$18, for at these figures we propose to offer exceptional values.

In Misses' Suits we show a very complete line and the special prices apply to these as well.

A large part of these suits are with Eton jackets, such as can be worn separate from the skirt and they make a very necessary garment for these cool evenings. All alterations without charge.

## CHICAGO CORN KING.

STORY OF HIS RISE FROM RAILROAD CLERK TO GRAIN MAGNATE.

How He Engineered Two Big Corners in Spite of Opposition From Veteran Operators—He is an Expert on Cereals.

To meet scores of the oldest, shrewdest and most experienced speculators on the Chicago board of trade and utterly defeat and demoralize them in a gigantic trade battle is a wonderful feat for any one, but when it is accomplished by one of the youngest grain speculators in the Windy City it becomes little short of miraculous. The young man who has done this is George H. Phillips, and he has done it twice within the past six months.

Phillips first sprang into public notice last November when he engineered a most successful corn "corner." In plain, untechnical language he bought all the corn that could be had and forced the price up in the face of persistent and determined hammering by the men who wanted to sell. Phillips' November corn "corner" lasted about 33 days. He bought 4,500,000 bushels at 35 cents and sold them at 50 cents, clearing for himself and his syndicate about \$100,000. This November "corner" of Phillips was the first successful "corner" engineered in Chicago since the days of "Old Hutch," about 14 years ago.

The young Chicago speculator has just repeated the trick with May corn, together with wheat and oats. Relying on the conditions of the western roads, the impossibility of purchasing corn directly from those who had it to sell and on the sympathy and support of farmers and country traders, who are entirely in accord with him, Phillips forced and kept up the price of May corn. He had bought it at about 40 cents and had cornered all the available supply. When the speculators who had orders for corn and who were compelled to get it to deliver tried to buy, they found the price soaring to higher points than it had reached in years.

Naturally Phillips had to encounter the fierce opposition of the "bears," and for some days the scene in the Chicago grain pit was one of bedlam. The bears resorted to every artifice and device to make the young "corn king"

GEORGE H. PHILLIPS.

weaken and yield, but it seemed that the only cool man in the "pit" was the young speculator who had the market at his mercy. The big bears were out to teach "the young fellow" a lesson and to break him if possible, but he fooled them. Some of the devices resorted to by the bears were regarded as questionable by the board of trade, but all means alike failed to weaken or scare away young Phillips.

Last November, alone and unaided and comparatively unknown on the board of trade, although he had been a member for some time, Phillips engineered a fight against the millionaire grain speculators and signally routed them. They swore vengeance at the time, but they have again been defeated by the young man. He has succeeded where James R. Keene, "Deacon" S. V. White, John Cudahy, Joseph Leiter and others of the keenest speculators have failed.

Young Phillips is only 32 years of age and owing to his smooth shaven face and boyish appearance looks still younger. He is a native of Morris, Ill., where his father is a dealer in grain and owns an elevator. After working for the latter, in 1886 he went to Chicago and became a clerk in the office of the grain receiver of the Chicago and Alton railroad. His duties there made it imperative for him to acquire a thorough knowledge of grain and of those who deal in it. It is said by those who know young Phillips personally that not a man in the country knows more about grain than he does. He became an expert weigher of cereals and gained the reputation of being the best weigher in the Windy City.

Phillips made his appearance on the Chicago board of trade in 1892. Until his "corner" of last November he confined himself to small deals. Young Phillips is married and lives with his wife and three small children in a cozy, unpretentious little one story cottage in a Chicago suburb.

Not to Be Expected.  
She—Are you certain that you love me for myself alone?  
He—Of course I am. Surely you don't expect me to love you for your mother.—Somerville Journal.

## SHE KNOWS LAW.

Young Michigan Woman Holds Important Place in Treasury.

For the first time in its history a woman has been appointed to an important legal position in the treasury department of our government. Miss Clara Greacen of Michigan, who has been selected for the honor, has won it by hard work and perseverance. She possesses no other influence than her uncommon ability and fitness for the place. The position to be held by Miss Greacen after July 1 is that of law clerk, to which only practicing attorneys are eligible.

Miss Greacen's home is in Kalkaska, Mich. Seven years ago she entered the government service under the civil

Photo by Smith &amp; Buck, Washington. MISS CLARA GREACEN.

service rules as a stenographer. It fell within her work to take dictation on cases embracing various points of law connected with the work of the department, and she performed her duties well. Before entering the government service she reported court proceedings in her native state. Being a young woman of ambition and determination, Miss Greacen devoted her spare time in Washington to the study of law and attended lectures at one of the Washington law schools. She successfully passed the District of Columbia bar examination, said to be one of the most difficult in the country. This young woman lawyer is very modest about her promotion, but she is confident that she will creditably fulfill her new duties. Her friends, of whom she has a host in the department, say that there is no doubt about that. In her new capacity Miss Greacen will write legal opinions for the government in the office of the comptroller of the treasury. Her salary will be \$1,800 a year.

## SUING A DUKE.

Miss Knight, Who Is Troubling His Grace of Manchester.

"Being a duke is not 'all beer and skittles,'" as his grace of Manchester has good cause to know. When this young scion of the British nobility—he is 24—was married recently to Miss Helene Zimmermann, the daughter of a Cincinnati millionaire, it was thought that most of his financial troubles were over. It seems now that they have only begun, for he is being sued for breach of promise of marriage by a young American actress. The duke and the duchess, who has all possible faith in her noble spouse, have announced that the suit will be fought to the bitter end, while the other young woman in the case has expressed her unalterable determination to obtain financial relief for her broken heart. As his grace of Manchester has for some time been a bankrupt, it is hard to see

Photo by Aime Dupont, New York. MISS PORTIA KNIGHT.

where the money will come from to assuage her grief if she is successful unless the "duke's" father-in-law comes to his relief.

Miss Portia Knight is an American actress about 24 years old. She was on the stage in New York for a short time, but has been living in London for more than a year. She claims that the Duke of Manchester solemnly promised to marry her and that his failure to do so was a terrible blow to her. On the other hand, the friends of Manchester say that while they were devoted to each other there never was any thought or promise of marriage on his part.

## A Regular Equinoctial Storm.

## NOTICE TO CONTRACTORS.

STREET IMPROVEMENT.

Office of Street Assessment Committee.

City of Janesville, Wis., May 7, 1901.

Sealed proposals will be received at the office until the 8th day of June, 1901, at 2:00 o'clock p. m., for furnishing all material and doing all the work necessary and required to improve the following named streets, in the city of Janesville, Wisconsin:

To the respective specifications, profiles, plans and details of the work to be done on file in the office of the city clerk of said city, for the inspection of bidders, to wit:

That portion of South Second street which extends from the westerly side of Wisconsin street to the westerly side of East street, being about 330 lineal feet.

That portion of South Third street which extends from the westerly side of Jackson street, being about 1,354 lineal feet; of North Third street which extends from the northerly side of East Milwaukee street to the southerly side of North First street, being about 300 lineal feet; of Franklin street which extends from the southerly side of Dodge street to the northerly side of Pleasant street, being about 264 lineal feet; of Pleasant street which extends from the easterly side of High street to the westerly side of Mitchell's Fourth Addition, being about 1,182 lineal feet; of Academy street which extends from the southerly side of West Milwaukee street to the northerly side of Pleasant street, being about 317 lineal feet; and to be graded, the sub-grade, and surfaced with macadam, granite, with curbing and gutters, according to the specifications separately prepared for each of said streets.

Work shall be commenced on Pleasant, Academy and Marion streets on or before the 15th day of June, 1901, and the whole work shall be completed on or before the 1st day of September, 1901.

Franklin street on or before the 15th day of July, 1901, and the whole work shall be completed on or before the 1st day of September, 1901; South Third and South Second streets on or before the 1st day of August, 1901, and the whole work shall be completed on or before the 15th day of October, 1901; North Third street on or before the 1st day of September, 1901, and the whole work shall be completed on or before the 1st day of November, 1901; failure in which the contractor shall pay to the city of Janesville as liquidated damages, the sum of twenty-five dollars per day for each and every day's delay in completing said work.

Directions to Bidders.  
Each bidder must accompany his bid with a contract and bond, with not less than two sureties, who shall be free holders of the state of Wisconsin, and shall certify as to their responsibility and by their several affidavits show that they are worth in the aggregate at least the amount of the entire contract price in property not by law exempt from execution. Said companies approved by the Street Assessment Committee will be accepted in lieu of personal sureties.

Said contract and bond, with sureties, must be completely executed on the part of the contractor, with the exception of the signature on the part of the city.

This is a POSITIVE REQUIREMENT OF THE CHARTER AND MUST BE COMPLIED WITH.

Bids failing to comply with the above requirements will not be considered.

No bid will be considered that does not contain prices for doing the entire work on said street, as called for in the specifications, profiles and plans.

Bidders must submit proposals to do the work according to the specifications, profiles, plans and details for each street; stating therein prices respectively for square yard of brick gutters; per square yard of macadam; per lineal foot for furnishing stone curbing in place; per lineal foot for furnishing granite curbing and gutter in place; per lineal foot for furnishing concrete curbing in place; and per lineal foot for resurfacing with granite, so far as the same are applicable to said streets, under said specifications, profiles and plans.

The bids for the work and material on each of said streets will be canvassed separately and considered in the aggregate based on the estimated quantities named in the specifications and awarded as separate contracts on each of said streets. All bids and bond must be written on the blanks prepared by the undersigned for the purpose, and prices to be stated in writing and in figures. All bids must have attached thereto general revenue stamps to the amount of fifty cents.

All bids should be marked on the envelope with the name of the bidder, and the bid is made, and filed in the office of the Street Assessment Committee in the city of Janesville.

N. B.—Blanks for contract and bonds for said streets will be furnished on application to the City Clerk, or to the Street Assessment Committee.

## Going to Build

Whether you contemplate building at an early date or not, you should have a copy of "THE TWENTIETH CENTURY HOMES." It is the most complete book of Architectural Designs published.

Nearly 150 pages, printed on heavy

muslin paper. It is a theoretical

book. Every design shown is from the

actual working plans of buildings that

have been erected in accordance with

our supervising under the direction of

an architect. Consequently

it is practical in every respect.

It embraces subjects from an attractive

cottage at a few hundred dollars to a

modern, up-to-date residence, costing

many thousands of dollars.

The perspectives are full-page illustrations

while the floor plans are half-page

sketches.

The descriptions are complete and easily

understood; in fact it is an ideal book

of practical, up-to-date designs and intelligent

descriptions.

The regular price is \$2.00 but we would

like to present you a copy free of charge

if you will call at our office we would

take pleasure in presenting you a copy

free of charge. As this is not possible,

we will send you a copy by express, charges

prepaid upon receipt of only 25c, to

cover cost of transportation.

L. B. BAKER, Racine, Wis.

Well Babies Are Good Babies

MOST LITTLE BABIES DIE, either from bowel troubles or from diseases which they contract because they are in a weak and feeble condition from bowel troubles.

Mothers who are seeking the ideal and proper medicine to give their little ones for constipation, diarrhoea, colic and simple fevers will find LAXAKOLA the great family remedy.

It is the best and most effective laxative for children. BEST because it is safe and gentle, entirely of harmless ingredients. BEST because it is non-irritating and never causes pain or irritation. BEST because it is sure and never fails. BEST because "Children like it and eat for it."

It is a dangerous thing to give little babies violent remedies that rack and rend their little bodies. DON'T DO IT—give them LAXAKOLA.

A few drops can be given with safety to very young babies, and will often relieve colic by expelling the wind and gas that cause it, and it also will clear simple fevers, break up colds and clear the coated tongue.

Great relief is experienced when administered to young children suffering from diarrhoea, accompanied with white or green evacuations, from the fact that LAXAKOLA neutralizes the acidity of the bowels and carries out the cause of fermentation, stops digestion, relieves restlessness, assists nature and induces sleep.

LAXAKOLA FOR WOMEN.

It is a gentle and safe remedy to use during all conditions of health of the mother, whether her peculiar and delicate constitution require a mild and efficient laxative and tonic, and is invaluable in assisting to relieve constipation which otherwise would tend to more or less severe pelvic ailments. It improves the complexion, brightens the eyes, opens the appetite, relieves the circulation, removes muddy and bloated condition of the skin and cures sick headache, a constipation of the skin and dyspepsia. Laxakola will invariably bring relief and a speedy cure. At druggists, 25c and 50c, or send for free sample to THE LAXAKOLA CO., 132 Nassau Street, N. Y.

Trade supplied by King's Pharmacy and People's Drug Store.

## ATTEMPT AT SUICIDE FOLLOWS QUARREL BETWEEN PAIR OF LOVERS

**Young Girl Takes Poison Because She Had Unpleasant Words with Her Fiancee—Only Dr. Gibson's Prompt Efforts Saved Her Life.**

Because she had unpleasant words with her lover and he started to leave her in anger a young woman in the Third ward swallowed half a bottle of laudanum and threw the bottle after the young man. That her rash act was not followed by death was due to the prompt use of the telephone by the young man and the immediate response to the call by the physician summoned.

**Known Only as Mabel.**  
The tragic incident occurred at the home of Mrs. Mary Walker, 20 Clifton street. The would-be suicide is a young girl who makes her home with Mrs. Walker and is said to be the fiancée of Claire E. Church of this city. In the neighborhood she is known only by the name of Mabel, her surname not being known except by her intimate friends. Wishing to keep the affair as quiet as possible they refused to give any details concerning it for publication. The girl's name was not given even to the physician who attended her.

Rumor has it that she is the daughter of well-to-do people in Green Bay and that she became enamored of Mr. Church and came down here with him. It is also neighborhood gossip that her brother was in the city not very long ago trying to urge her to return home but she refused.

**Aroused Young Man's Anger.**

Monday afternoon Mr. Church paid an unexpected visit to his betrothed and she was not at home. He was told that she was calling on Mate Hawley Priddle, well known in this city. This aroused the young man's anger and on the young lady's return there were sharp words. Yesterday morning about eight o'clock Mr. Church paid another visit on Miss Mabel. About ten o'clock two local men drove up to the house in a stylish turnout, presumably to take Miss Mabel and her friend, Miss M. Valleeau, daughter of Mrs. Walker out riding. There were more angry words and Mr. Church started to leave the house. As he did so the girl threatened that she would take laudanum if he left her. He thought the threat was only a bluff and kept on and the next he knew the girl had made good her words.

**Other Young Men Skipped Out.**  
The distracted lover was frantic. He called to the two men in the surrey to take her down town to a doctor and he seized her and tried to carry her to a carriage. She eluded him and in the meanwhile the men drove off rapidly towards town. Evidently they had no relish for the affair and no desire to be mixed up in it.

## LARGE WATER MAINS ACROSS THE RIVER

**34 LENGTHS WEIGHING 11 TONS  
LOWERED IN THE RIVER.**

**How Difficult Job Laying the Big Pipes in the Water Was Done—System Put in Operation—It Took About One Week to Accomplish the Work.**

Thirty-four lengths of eight inch water main making four hundred and eighteen long section and weighing eleven tons was successfully lowered to the bed of the river on the west side of the Jackson street bridge at ten o'clock this morning.

The water company are extending their pipe line across the river to the neighborhood of the Choate-Holister factory and the canning plant. It is always a difficult job to lay large mains across the river. In this case a new system was put in operation and worked to perfection.

On the west side of the bridge four by fours were driven into the bed of the river about four feet from the bridge and pieces of heavy timber resting on the bridge nailed on top of them. The heavy pipe was suspended from these supports by ropes and hung about two feet above the surface of the water. The ends were fitted together and calked with hot lead.

The work of joining them together was finished yesterday afternoon. This morning about fifty men together with a number of plumbers and gas men, at a given signal lowered the big pipe to its resting place in the bed of the stream, an operation lasting about twenty minutes. The connecting mains have already been laid down to the edge of the river on both sides and as soon as the connection is made with the section in the river the water can be turned on.

The water near the center of the stream was six feet five inches deep and in order to get a good resting place for the main approaches to the shore were scooped out to the depth of six feet.

Superintendent Hyzer considers it to be one of the most successful pieces of pipe laying in their system. The work took about a week's time and was finished without a hitch. The main that crosses the river below Court street bridge was laid a

There was no one at home but the two young women and so young Church rushed into one of the neighbor's houses without the formality of knocking calling out wildly "For God's sake have you a telephone? The kid up at the end of the lane has taken poison." He was directed to a house where there was a telephone and he hastily called up Dr. James Gibson and told him briefly what had happened.

**Called in the Neighbors.**  
Dr. Gibson gave him some directions what to do with the would-be suicide until she should arrive and the young man begged some of the neighbors to come and help him. They complied with his request and by following the doctor's orders succeeded in getting her to vomit a little. When he arrived he gave her some heroic treatment, using hypodermic injections in both arms. The girl was very near death's door when the doctor arrived but the speedy treatment given her was attended by unusually prompt and speedy results. She protested against it wildly and begged to be allowed to die, at least to lie down and go to sleep.

**Church Is Grief Stricken**

Her friends thought that she must have taken about two ounces of laudanum but in the physician's opinion the amount taken was not that much. Miss Valleeau said that Miss Mabel threatened the night before to take carbolic acid if her lover left her and Miss Valleeau took the precaution to hide the carbolic acid. She did not know that there was any laudanum in the house or she would have taken care of that too.

Mr. Church was very anxious that the newspapers should not find out anything about it in the excitement of the occasion he told very frankly of the trouble which led up to the attempt at suicide. He seemed grief stricken over the occurrence and remonstrated with his sweetheart constantly while he was working to overcome the effects of the poison.

**Miss Mabel Chester**

Late developments are to the effect that the would-be suicide was Miss Mabel Chester, who formerly made her home with Mrs. Dell Rogers on South River street. She came here originally from Chicago where her parents reside and after figuring in court, she went to Green Bay for a while, returning here a few months ago. One of the men in the two-seat was a married man and a local saloon keeper.

Dance at Crystal Springs Thursday night. Boat trip and dance, 25 cents.  
Smyrna full sized rugs \$1 each.  
Bort, Bailey & Co.

Base ball, Beoit vs. Knox college, at Athletic park Friday, May 17 at 3:30.

Wanted at once—two helpers. Slight and George, plumbers, 5 North Franklin street.

The colored band of fifteen pieces will give an open air concert in the Court House park this evening commencing at 7:30 o'clock.

The King's Daughters of the Baptist church will meet Thursday p. m. at 2 o'clock. Carrie B. Anderson, Sec'y.

This week at the store of Amos Rehberg & Co., men's suits worth from \$12.50 to \$15, are offered at \$8.89 per suit.

Clothing buyers should not fail to investigate the \$8.89 suit sale at Amos Rehberg & Co's, which sale opened this morning. Suits worth from \$12.50 to \$15, go at \$8.89.

These Smyrna rugs we now offer at \$1 each went last long at this unheard of price. Bort, Bailey & Co.

You have a choice of many patterns in those Smyrna rugs we are offering at \$1 each. They are worth more money. Bort, Bailey & Co.

that he will not recover from his injuries.

The most exciting base ball game of the season in Janesville will take place next Friday at Athletic park between Knox college and Beloit college teams. Game will be called at 3:30 o'clock. Take the street cars.

Observe our window display and see the line of Smyrna rugs we offer this week at \$1 each. We have sold 300 of these rugs. A good recommendation. Bort, Bailey & Co.

This week will bring to a close our special \$1 rug sale. Select a genuine Smyrna at this price and you have a bargain.

Adkins will pitch for Beloit college in the game to take place at Athletic park next Friday afternoon between Knox & Beloit college nines. Both teams are well matched and a warm contest may be looked for. Game called sharp at 3:30 o'clock.

The fountains in the court house park and Corn exchange square are radiant in new spring attire. The improvement was a much needed one and the fountains look fresh and attractive in their dress of bright green.

Lon Dismore of Chicago, western representative of the Golfer, was in the city yesterday, and in company with President Schaller, drove over the course of the Siniissippi club. He was much pleased with the grounds, and took numerous notes on the length of the course and the lay of the land. It is his intention to give the course and club a write-up in the Golfer.

Mrs. J. E. Heg and children are guests at the State School for the Blind for a few days. They are on their way from Green Bay to their new home in New Jersey, where Mr. Heg has accepted a very fine state position.

J. Fisher of the town of Center brought in a bunch of alfalfa today which he cut from a piece planted on his farm. It is eighteen inches long and is remarkably large for this country.

## WILL BRING MANY WELL KNOWN LADIES

The annual meeting of the Beoit district auxiliaries to the Wisconsin Branch Woman's Board of Missions of the Interior and the Wisconsin Woman's Home Missionary Union, to be held in the Congregational church in this city tomorrow, will bring many well-known ladies and prominent mission workers here as the guests of the societies of the local church. The program is especially excellent and will be held in the auditorium of the church. A cordial invitation to enjoy the services is extended to all who are interested in the work. The morning session, which will begin at 10 o'clock, the afternoon session at 2 o'clock and the evening service will be held at 7:30 o'clock, taking the place of the customary prayer meeting.

## KIMBALL PIANOS.

For sale, five beautiful New Kimball pianos. I find on investigating that we cannot procure a suitable store room in Janesville to open our branch agency at present, and have deferred the same until early in the coming fall, and having shipped five of our sample Kimball pianos to Janesville we now offer them at very low prices, rather than reship them.

In offering them at the low prices to close them out, we do so, realizing the fact that this is the way to sell them quickly, as we shall remain in this city only a short time. Twenty-five dollars cash and eight or ten dollars monthly buys the finest product of our seven large factories. Fifteen dollars cash and \$5 monthly buys the medium size pianos. If you want to see a sample piano, call early at the Park hotel parlors, where we can be seen this week.

Respectfully,  
R. M. SUTHERLIN,  
Road Agent for W. W. Kimball Co.,  
Chicago, Ill.

## SECOND OFFER FOR "EVIL EYE" PLAY

**Manager Myers to Open a Subscription List to Ascertain if Janesville Desires to See the Show.**

Manager P. L. Myers has received a second proposition from the proprietors of the "Evil Eye" company offering Janesville the date of June 3, but requiring a guarantee. Manager Myers has decided to leave it to the people of Janesville whether they wish him to close the contract or not and he will open a subscription sale Friday morning. While it seems almost certain that the attraction will play to a packed house, having given such splendid satisfaction on its last appearance, Manager Myers feels that he can not afford to give the large guaranteed demanded unless the public agrees to stand back of him. The company is one of the largest on the road, having two carloads of special scenery and sixty-five people.

# FACE TO FACE WITH FACTS.

Most All the Pains and Aches of Kidney Ills Start with

## 4 BAD BACK

### FACTS.

A lame back is a bad back.  
A weak back is a bad back.  
An aching back is a bad back:  
A bad back comes from sick kidneys.  
Sick kidneys cause backache.  
Backache is the first step;  
The first ache of kidney ill.  
Urinary troubles next.  
Disturb your night's rest,  
Annoy you all day.  
Dangerous Diabetes comes,  
Then Bright's disease,  
The end is near then.

Every case of Back-ache, Diabetes or any kidney ill can be cured by

## Doan's Kidney Pills.

### MORE FACTS

Don't pay to experiment, Kidney trouble is too serious. Delays are dangerous. Experiment means delay. Take a remedy that's endorsed; But get good endorsement. A stranger's word isn't sufficient. Hard to prove testimony from a distance. Take the word of people you know. Take the testimony of friends and neighbors. Easy to prove such evidence. Ask them about it. Local testimony is the best proof.

No other remedy has received such emphatic endorsement. Read the testimony of

## JANESVILLE PEOPLE.

### Prairie Avenue.

Mrs. N. J. Casey, of 101 Prairie Ave. says: "Doan's Kidney Pills proved better than any other medicines I took for my kidneys. These organs troubled me off and on for some years. Backache was the chief symptom and often caused me to suffer severely. I tried a number of remedies but continued to grow worse instead of better. I was finally persuaded to try Doan's Kidney Pills and procured a box at the Peoples' Drug Co.'s store. I only took them a few days when I felt better. Should there be any recurrence of my trouble I now know what to use."

### South Main Street.

Mr. H. W. Rodgers, carpenter, of 210 South Main street, says: "My wife had kidney complaint and rheumatism for five years, suffering a great deal from pain across the loins. Doan's Kidney Pills, sold by the Peoples' Drug Co., brought much longed for and gratifying results. At first there was no visible change and she came to the conclusion that they were like all other remedies she had tried, but finally the aching and the distress in the small of her back disappeared."

### Locust Street.

Mr. Samuel Griffin, of 203 Locust St. journeyman carpenter, says: "I had a severe attack of la grippe and as a result weakness of the kidneys set in. The secretions from those organs were greatly disordered, annoyed me much at night and I seemed to have limited control of them. After finishing the treatment my kidneys were so strengthened that I could sleep all night without being disturbed. I am better now than I have been for years, and give all credit to Doan's Kidney Pills for bringing about this result."

### PLEASANT STREET.

Mr. H. P. Hanson, of 103 Pleasant St. engineer, employed at the Janesville Machine Co., says: "Doan's Kidney Pills did me all the good that could be expected and I recommend them to any one who may be troubled with a lame back or any kidney disorder. After procuring them at the Peoples' drug store and taking them I felt better slept better, my back did not ache like it did, and I did not rise in the morning with a lame and sore back. I suffered from these symptoms for four or five years and I was more than pleased at the results obtained from the use of Doan's Kidney Pills."

### SHARON STREET.

Veteran A. F. Lee, of 61 Sharon St., carpenter, says: "For twenty years it troubled me a great deal, many days I could hardly keep at my work, and by rights should have stayed at home and doctored. It was seldom that my back did not ache, and I have been laid up for three or four days at a stretch. When stooping or lifting sharp twinges penetrated the kidneys, the secretions from these organs were too frequent, and accompanied by pain. I used all kinds of remedies, but none gave permanent relief. Obtaining Doan's Kidney Pills at the Peoples' Drug Co. I took them, and after the first three or four doses a noticeable change was brought about. I improved steadily from then on and on completing the treatment I was in good condition and am now well."

### HOTEL MYERS.

Mr. John Stetson, of Hotel Myers day clerk, says: "A physician pronounced my trouble kidney complaint. If the severe pain across the small of my back is any indication of the said complaint, I guess I had it. For two years I suffered with attacks, some times virulent, sometimes a dull grinding ache, which robbed me of considerable energy. I used in addition to doctor's prescriptions, several preparations said to be sure cures for kidney complaint, but up until I procured Doan's Kidney Pills at the Peoples' Drug Co.'s drug store, I received little if any permanent relief. I took a thorough course of treatment prescribed by Doan's Kidney Pills and it cured me. Up to date I have not noticed any recurrence of my old trouble."

### MILTON AVENUE.

Mr. E. Dillenbeck, of 126 Milton Ave. retired farmer, says: "My wife was troubled with kidney complaint for four or five years, and complained of pains in the small of the back in the region of the kidneys. The symptoms all indicated that the kidneys were deranged, and the doctors who treated her said that those organs caused the trouble. As she did not get any better we thought Doan's Kidney Pills might give her relief, and procuring them at the Peoples' drug store, I had her use the remedy. It did for her all that could be expected. We can recommend Doan's Kidney Pills and you can use our names as saying what has been stated above."

## WISCONSIN NEWS BRIEFLY WRITTEN

### BOARD OF CONTROL TO ERECT FOUR NEW BUILDINGS.

**Japanese Taking the Place of White Girl Servants in Private Houses at Racine—Heron Occupies a Marsh Near Plymouth—Large Stock Farm Planned at Tomahawk.**

Madison, Wis., May 15.—The state board of control today decided to advertise at once for the erection of four new buildings at the home for the feeble minded at Chippewa Falls and the north cell wing of the intermediate reformatory at Green Bay. The bids will be opened and the contracts let at the office of the board in the capitol two weeks from tomorrow. It is expected that the improvements at Green Bay will cost about \$100,000 and those at Chippewa Falls about \$150,000.

Racine, Wis., May 15.—The servant girl and cook problem has become a serious matter in Racine. For more than a year families have been unable to get competent household help although double wages have been offered. This state of affairs is attributed to so many girls securing employment in factories. One leading family after making every effort to get good servants and cooks, gave it up and imported a number of Japanese as an experiment. The Japs came on Sunday were given a ride about the city and expressed themselves as pleased and commenced service. They have given satisfaction so far and other families will follow and hire Japs if the experiment proves safe.

Heron have chosen an almost inaccessible part of a marsh near Plymouth as their home. The nests are built in trees, the interiors being lined with twigs, sticks and sand. The sight presented at the rookery is weird, as the birds circle above the trees when alarmed. The heron is a queer looking bird when flying but still more so when near the top of some tall tree, picking its way from

limb to limb. These herons may often be seen in rivers four or five miles distant from the colony seeking fish and frogs. Half a dozen have been seen flying out from the swamp together, one behind another. Though ordinarily a harmless bird the herons will fight fiercely in the defense of their nests. It is said that a man once climbed to one of the nests in the Winoski swamp but was so savagely attacked that he retreated more rapidly than he advanced.

J. P. Mallick & Son of the town of Linwood and Kellogg & Son of Tomahawk have entered into an agreement that will result in one of the largest stock farms in northern Wisconsin being put in operation in Linwood immediately. Mr. Mallick has leased his farm of 900 acres 140 of which are under the plow, to W. E. Kellogg, who will have one hundred full blood and grade Jerseys grazing on the land by May 15. The milk product will be consumed in a creamery to be erected at once on the farm by Mallick.

Apparently overcome by religious excitement, Amanda Jackson, aged twenty years, fell over in her seat during a meeting of the Racine Salvation army last evening in a faint. At first it was supposed that the girl was dead, but physicians succeeded in reviving her after working over her until midnight. Heart trouble, incited by the excitement attendant upon the meeting, is the only reason that can be given for the incident. The girl will probably live.

Another case of smallpox or varioloid was discovered at the state industrial school at Waukesha yesterday, the patient being Ray Sholl of Chippewa county. Officers of the school state that as soon as the disease was discovered the patient was immediately conveyed to the isolation hospital, and the family from which he came thoroughly disinfected and placed under rigid quarantine. It is said that the lad has the disease in a very mild form. The official do not contemplate that there will be any spread of the disease.

At Racine Sunday night a trolley car left the track and before it stop-

ped tore along the pavement one hundred feet, went through the street curbing and collided with a brick building of the Mitchell & Lewis Wagon factory.

### LATEST FOREIGN NEWS.

**Kitchener Favors the Torch.**  
London, May 15.—According to a dispatch from Pietermaritzburg to the Daily Mail, Lord Kitchener is about to try a new plan of burning the veldt in order to compel the Boers to surrender. A parliamentary paper just issued shows that 634 farm buildings, mills, cottages and hovels were burned in the Orange River Colony and the Transvaal, from June, 1900, to the end of January, 1901.

**In Aid of Copenhagen.**  
Copenhagen, May 15.—Ex-President Bernberg of the Export Association of Denmark will shortly go on a business mission to the United States, his special object being to emphasize the advantages of the free port of Copenhagen as a distributing center for the Baltic and North sea ports.

**Rioting at Seville.**  
Seville, Spain, May 15.—A mob of strikers here, while attempting to force a number of workmen to leave their tasks today, came in conflict with the gendarmes. Many were wounded and seventy arrests were made. The strike movement is spreading.

**Comet Is Seen Again.**  
Lima, Peru, May 15.—The comet which was first seen from South America about a fortnight ago and which has been invisible from here for the last three nights reappeared last night.

**Germany Makes Denial.**  
Berlin, May 15.—Government circles furnish denial that any negotiations are going on between Austria and Germany for a European commercial league against the United States.

**Will End Barcelona Siege.**  
Madrid, May 15.—The cabinet has decided to end the state of siege in Barcelona and to restore the constitutional guarantees there.

**Rains Bones; Four Men Hurt.**  
Chicago, May 15.—Four men were injured by a shower of bones caused by a wreck on Armour's miniature railroad at the Stock Yards. None of them was seriously hurt.

**Smith May Leave Cabinet.**  
Washington, May 15.—The postmaster-general, Charles Emory Smith, has given up the lease of his Washington home, 177 Massachusetts avenue, and there are rumors that this portends his resignation from the cabinet.

**Doubt, Yellow Fever Story.**  
Springfield, Ill., May 15.—Dr. Egan, secretary of the State Board of Health, is of the opinion that the case of yellow fever reported to him from Gardner, Grundy county, has not been correctly diagnosed.

Has become a proverbial phrase to express the futility of mere desire. There are a great many people who think it is as useless to hope for health as to cry for the moon. They have tried many medicines and many doctors, but all in vain.

A great many hopeless men and women have been cured by the use of Dr. Pierce's Golden Medical Discovery; people with obstinate coughs, bleeding lungs, night-sweats and other symptoms of disease which if cured or unskillfully treated find a fatal termination in consumption.

"Golden Medical Discovery" has a wonderful healing power. It increases the nutrition of the body, and so gives strength to throw off disease. It cleanses the blood from poisonous impurities and enriches it with the red corpuscles of health. It is not a stimulant, but a strength giving medicine. It contains no alcohol, neither opium, cocaine, nor any other narcotic. Sometimes the extra profit paid by inferior medicines tempts the dealer to offer a substitute as "just as good" as "Discovery." If you are convinced that "Discovery" will cure you accept nothing else. "I was in poor health when I commenced taking Dr. Pierce's medicine," writes Mr. Elmer Lawler, of Volga, Jefferson Co., Indiana. "I had stomach, kidney, heart, and lung trouble. Was not able to do any work. I had a severe cough and hemorrhage of the lungs, but after using your medicine a while I commenced to gain in strength and flesh, and stopped coughing right away. Took about six bottles of the 'Golden Medical Discovery' then, and last spring I had Grippe, and it settled on my lungs, leaving me with a severe cough. I had the doctor, but he didn't seem to help me any; so I commenced your medicine again and took three or four bottles of the 'Discovery' and two vials of Dr. Pierce's Peppermint, and that straightened me up. I feel like a different person and gladly recommend your medicine to all sufferers, for I know it cured me."

Dr. Pierce's Pleasant Pellets cure constipation by curing its cause.

## PRIZE BANNERS FOR WHITE RIBBONERS

AWARDS A FEATURE OF W. C.  
T. U. STATE CONVENTION.

The Rock County Society is one of the Successful Contestants—Will Take Place Thursday Evening, May 23—Two Notable Women Who Will Attend the Meeting.

One of the pleasant features of the Wisconsin W. C. T. U. convention which is to be held in this city next week will be the presentation of the prize banners which last year, Mrs. Upham, president of the Wisconsin W. C. T. U., offered to give to the six county unions making the largest gain in membership during the year. The Rock County W. C. T. U. is one of the six successful contestants. The presentation of the prize banners will take place Thursday evening, May 23, before Mrs. Hunt's address.

Probably the preparatory work for a state convention was never done more systematically and more thoroughly than it is being done for the Wisconsin W. C. T. U. convention. Those who have the work in charge have been busy with it for months and it is the intention of the committees to make this the biggest annual white ribbon convention ever held in Wisconsin.

The program committee has been especially fortunate in securing able and noted speakers and it is a matter of more than ordinary interest to know something of the lives of some of the prominent women who will honor the state convention with their presence.

Two notable women who will attend the convention next week are Mrs. Lillian M. N. Stevens and Mary H. Hunt.

Mrs. Lillian N. M. Stevens. No woman is more loyal to its fundamental principles; none possesses in greater degree the universal confidence of its friends, men and women, and the good will of its opponents, than Mrs. Stevens of Maine.

Mrs. Stevens has always been a woman suffragist. When in 1876 Miss Willard introduced into the white ribbon ranks the unwelcome discussion of the ballot for women as the most helpful method of temperance reform, and led the argument for four years in the great conventions, Mrs. Stevens was one of her staunchest and most helpful allies, and it was at this time that their friendship was cemented by that unbreakable bond forged in the furnace of contradiction.

Mrs. Stevens has for years been the Maine representative in the National conference of Charities and Correction in 1892 she was appointed one of the "lady managers" of the World's Columbian Exposition, and had entire charge of preparing Maine's exhibit of Charities and Correction which appeared in the Anthropological building at the fair. For three years she was treasurer of the National Council of Women of the United States and upon voluntarily retiring from that position was placed in the cabinet of the council and given the portfolio of Moral Reform.

Mrs. Stevens is Miss Willard's successor as president of the National W. C. T. U.

Mary H. Hunt. The World's and National Department of Scientific Temperance Instruction, of which Mrs. Hunt, of Boston, is superintendent, aims to secure such legislation as shall make the study and teaching of the laws of health, with special reference to the effects of narcotics on the human body and mind, obligatory throughout the entire system of public education.

Like a hardly understood whisper came to her in 1878 the thought, "Teach the children the scientific facts about alcohol today and you will save the nation from drunkenness tomorrow." She quickly saw that the public school system must be the vehicle for this scientific temperance education, and that suitable text books must be prepared. She has been instrumental in writing the laws on this subject in all the states and territories of the United States except three.

While this work has been going on at home foreign countries have taken note, and the temperance teaching of the world is being modeled after the American plan, and the American text books form the basis of that teaching throughout the world. Already from England, India and Russia the most urgent appeals are made to Mrs. Hunt to come over and help them.

Mrs. Hunt will be the speaker of the evening at the state W. C. T. U. convention Thursday evening, May 23rd.

Jennie—To have a beautiful neck wiggle your head from side to side every night take Rocky Mountain Tea. It's a short cut to a graceful form. 35c. Smith's pharmacy, kodak agents, next to postoffice.

Half Rates to Lincoln, Neb., Via the North-Western line. Excursion tickets will be sold at one fare for the round trip from stations more than 150 miles, May 23 to 27 inclusive, limited for final return until June 30, inclusive, on account of German Baptist meeting. Apply to agents Chicago & North-Western R'y.

## THE DEATH RECORD.

Prof. David Shepard Holman. Bangor, Me., May 15.—Prof. David Shepard Holman, known throughout the scientific world as the inventor of the Holman life slides, which are extensively used by microscopists, is dead.

Judge John E. Carr. Valparaiso, May 15.—Judge John E. Carr, aged 60 years, an old soldier, is dead. He served as judge of the Porter-Lake-Laporte Superior Court when that court was first established.

George Conquest Is Dead. London, May 15.—George "Conquest," the playwright and actor manager, is dead from heart disease.

## THE FIRE RECORD.

Three Villages Go Up in Smoke. Vienna, May 15.—The Galician villages of Oleszyce, Altoleszyce and Wolasleszyka have been destroyed by fire. The flames spread so rapidly that within an hour all three villages were but heaps of ashes. Of 1,050 houses, only three were saved. Six thousand persons are left homeless.

A Big Blaze in Cotton. Hocksett, N. H., May 15.—Three cotton storehouses of the Hocksett Manufacturing company were burned. The structures and the cotton in them were worth from \$30,000 to \$150,000, the exact figures depending on salvage. The insurance will cover the loss.

Iowa Fire Loss Is \$60,000. Cedar Falls, Ia., May 15.—Fire destroyed fifteen business houses in the center of Dumont. The loss is estimated at \$60,000.

Fire in Kentucky Town. Mayfield, Ky., May 15.—The fire which started in McCreary & Co.'s drug store burned eight two-story business houses. The loss is \$30,000.

Big Trust Has Rival. Chicago, May 15.—Morgan's billion-dollar steel trust may shortly have a formidable rival if the plans ascribed to his erstwhile allies, the Illinois colonels, are consummated. A combination of the outside steel concerns with a capital of \$200,000,000 is said to be in process of promotion by Colonels John W. Gates, John Lambert and Isaac L. Ellwood, the promoters and organizers of the American Steel and Wire company. The concerns to be gathered into the new combine are: The Colorado Fuel and Iron company, the Republic Iron and Steel company, the Pennsylvania Steel company, the Tennessee Coal and Iron company. The aggregate capital of these concerns, occupying diverse and noncompetitive fields, is \$135,000,000.

Suicide of Well-Known Man. Cincinnati, O., May 15.—Ralph Myrick, who cut his throat and then jumped off the Staten island ferryboat in New York, was widely known in Cincinnati. He was for years at the head of the Chesapeake and Ohio dining car service and left that road about two years ago. His widowed mother lives in Covington, Ky. One brother, Percy Myrick, is now superintendent of the dining car service on the Wabash railroad, with headquarters at Detroit.

To Build New Railway. Springfield, Ill., May 15.—The secretary of state licensed the Springfield & Decatur Railway company, to be constructed from the Indiana, Decatur & Western railway near Decatur to a point on the Chicago & Alton railroad, near Springfield.

New Head of River Board. Washington, May 15.—On the recommendation of General Gillespie, Chief of Engineers, the President has appointed Colonel Amos Stickney, corps of engineers, member and president of Mississippi River Commission.

Louis Gallot Gets Pardon. Washington, May 15.—The president has granted a pardon to Louis Gallot of New Orleans, who was convicted in 1896 of misapplication of the funds of the Union National bank of that city.

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of

Charles H. Fletcher. The Kind You Have Always Bought In Use For Over 30 Years.

THE CENTAUR COMPANY, 27 MURRAY STREET, NEW YORK CITY.

### Told by Pain

If you have pains you should look after them quickly. Pain shows something is wrong. The sharper the pain the more danger there is in delay. There are thousands of women to-day who are bearing awful pain almost continually, rather than tell a physician about the shooting pains in their lower abdomen, about the agony of falling of the womb and the distress of leucorrhoea. They let the months pass and their trouble becomes harder to cure and more distressing. But modest women can secure exemption from the embarrassment of a private examination. When pain tells them of danger they can cure themselves by the use of

### WINE OF CARDUI

in the privacy of their homes. You can be cured without distressing publicity. With these facts before you there is no reason for the delay which is increasing your misery and wasting the days of your life. Why not stop the pain today?

Belen, Miss., March 9, 1900.  
I have used one bottle of Wine of Cardui and one package of Theodor's Black Draught. Before I began to take your medicines I had pains in my back, hips, lower bowels and my arms. Sometimes I thought I would go blind. My head ached and I was so weak I could hardly walk across the floor. Now I can only feel a little of the pain in my side and I am going to use your medicines until I get cured, for I believe they will certainly cure me. I have been married twelve years and am the mother of seven children. I thank you for your wonderful medicine and what it has done for me.  
MATILDA SMITH.

For advice and literature, address, giving symptoms, "The Ladies' Advisory Department", The Chattanooga Medicine Company, Chattanooga, Tenn.

YOUR **Carpet Cleaned** THE SAME DAY. We get your Carpet in the morning. That same evening you can have it looking like new. This we do with our modern carpet cleaning machine. It Does the Work Quick, Thorough, and at little expense.

NEW YORK CITY'S  
SENSATIONAL PARADE

JOHN DREW THE WHOLE THING

Two Million John Drews Pass in Review Through Broadway and Fifth Avenue.

Special Dispatch to The Janesville Gazette.

New York, May 15.—A unique industrial and advertising parade took place today in our city, when 2,000,000 John Drew 5 cent cigars consigned to Berdan & Company, cigar jobbers of Toledo and Chicago, loaded on 20 trucks, paraded Broadway and Fifth avenue. Each truck was drawn by four horses, truck and horses being decorated by signs reading, "Largest Shipment of Cigars Ever Made." An open carriage containing Berdan & Company's Cigar Department Manager, F. E. Parsons, and the Messrs. A. L. and A. G. Kauffman, manufacturers of the John Drew Cigar, led the parade, followed by one of New York's best bands. The originality of the whole affair caused much favorable comment from the crowds that thronged the walks.

BEAR IS CHAIRMAN  
OF COUNTY BOARD

The Special May Session of the Board Was Called to Order This Afternoon.

The special May session of the county board was called to order this afternoon at 2 o'clock in the county clerk's office.

It being the first meeting of the board since the new members were elected the members of the board were present, except Supervisor Tradway. The first business to come before the board was the election of a chairman. By the unanimous vote of all the members present J. L. Bear was re-elected chairman for the ensuing year. Chairman Bear accepted the compliment in a few well chosen words and later passed around a box of cigars.

The rules of the old board were adopted as the rules of the new.

Supervisor Smith presented an estimate for the shelving to be placed in the Register of Deeds office.

The board left the court house at 2:45 o'clock for a visit to the county asylum and will reconvene tomorrow morning at 10 o'clock at the clerk's office.

MANUAL TRAINING  
GRADUATES WANTED

Chicago Manufacturer Offers to Take Them and Start Them at \$10 Per Week.

When Supt. D. D. Mayne was in Chicago last week he called on several manufacturers to see what recognition would be given the manual training work done in the high school. Both he and Prof. Brace, the instructor in the department are highly pleased with the result of his inquiry. One manufacturer of physical apparatus said that he would employ the graduates of the manual training department starting them at \$10 a week with the understanding that the employment was to be permanent with a speedy increase of wages as soon as they proved worthy of it. This is an unusually good opportunity for high school graduates and the positions are open to them as soon as the school closes. Doubtless some of the young men will take advantage of it especially as the chances for advancement and progress are excellent.

The students in the manual training department are now at work on a model of the novel advertising device which is placed in the river just north of the Milwaukee street bridge. The model is to be sent to Washington, D. C. with the application of Ilya Chubbuck, the inventor of the device for a patent.

WILL JANESVILLE  
CELEBRATE JULY 4?

An Early Decision Will Keep Many of the Neighboring Towns from Starting a Celebration

Is Janesville to have a Fourth of July celebration this year. It is early in the season to begin agitating this question, but an early decision in the matter will keep many of the neighboring towns from starting celebrations of their own.

The celebration last year was a pronounced success and established a reputation for Janesville in this line that is of the first order. Why not have another celebration this year that will eclipse all previous efforts? It would be very easy to have a circus performance as well as a parade. The vaudeville performers could take part in the show and local talent could supply the balance. It would be quite an undertaking to put on a performance as well as a parade but if an early start was made there is no reason why a glorious celebration should not be held.

Miss Juliet Bostwick returned home from Madison this morning. She spent yesterday afternoon and evening at the new university library collecting material for her commencement thesis.

CANCER

The diseases most feared are those which are inherited—handed down from generation to generation, and family to family. By far the most destructive of these is Cancer, which finds the greatest number of its victims among the children and grand-children of those whose blood was tainted with this dreadful malady. You may carry this poison in the blood for years, but as the vital powers begin to wane a slight bruise or cut, wart or mole, sore or pimple may develop into Cancer. From middle life to old age is the time when the slumbering poison is most apt to break out, a sore or ulcer often degenerating into Cancer, and Tumors become more progressive and ulcerate through the skin, the sharp, shooting pains causing the most intense suffering.

The Cancer patient naturally grows despondent as one after another the usual remedies fail, and the sore shows no sign of healing. The impurities that have been accumulating in the system, perhaps for generations, cannot be eliminated nor the poisoned blood made pure by salves, washes and plasters. The proper treatment is to purify and build up the blood, remove the cause, when the sore or ulcer heals.

Mr. J. B. Arnold, of Greenwood, S. C., writes: "A tiny ulcer came, just under the left eye. It began spreading, and grew worse rapidly, destroying the flesh as it went. As Cancer is hereditary in my family I became thoroughly alarmed, consulting the best physicians and taking many blood medicines, none of which did me any good, when one of our leading druggists advised me to try S. S. S., and by the time I had taken the second bottle the Cancer began to show signs of healing, the discharge grew gradually less and finally ceased altogether, the sore dried up and nothing remains but a slight scar. I feel that I owe my life to S. S. S."

Begin in time, don't wait until the blood is so polluted and the system so thoroughly saturated with the poison that no medicine, however efficacious, can check the progress of the disease. If there is a taint in your blood get it out at once, don't wait for some external evidence of it, the appearance of a tumor or ulcer. We have prepared a special book on Cancer which we will mail free. Our physicians are ready to help you by their advice and such direction as your case requires. Write us fully and freely—no charge for medical advice. THE SWIFT SPECIFIC CO., ATLANTA, GA.

NO HOME IS COMPLETE
